Sleep soul mattresses will require 24 hours to return to their original size before use. Vacuum packed and boxed for extra convenience.

We like to push the boundaries of what's possible. That's why we challenged ourselves to see just how comfortable a mattress could be.

Introducing the Serenity mattress, featuring four layers of sumptuous foam and a pillow-top layer of plush fillings. It has to be felt to be believed.

Engineered for comfort, the four layers of foam are more than just soft. Two layers of convoluted foam provide advanced airflow to avoid the buildup of heat, keeping you cool throughout the night.

They also relieve pressure off your joints and muscles, helping to keep your body healthy for the day tomorrow.

The memory foam acts as a transition layer for the perfect sink and minimised movement.

Perfect for sleeping in any position, you'll stay comfortable and supported as you drift off into dreamland.

Plus, 1000 individual edge-to-edge pocket springs support your body throughout the night. You'll stay stable and supported with Serenity,
